## Example 3: "What's going on here?" (Handtouch Prank)

```
* (.2)
01
  P >>gaze over shoulder *gaze to M1's hand ^reaches toward hand
 M1 >>gaze forward, hand on escalator ->
 M2 >>gaze right, hand on escalator ->
 W >>gaze forward, hand on purse ->
 FIG
                                                 #F9
                                                F9 P, right, touches M1's hand.
        ^(.4)% (.1)?* (.04)^# (.2)$#
02
                                               (.2) +
     ^touches M1's hand, *gaze to M2's hand ^touches M2's hand
              %gaze to P-> ?retracts hand
 M1
 M2
                                      $retracts hand, +gaze to P->
 W
      >>gaze forward, hand on purse
  FIG
                                    #F10
                                            #F11
F10 M1 jerks hand away, shifts gaze, P moves to touch M2's hand. F11 M2 jerks hand away, shifts gaze.
03
             (.2)*
                    (.7) # # = 3
 Ρ
          *gaze to M1 and M2 (faces)
 M1
     >>holding gaze to P ->
     >>holding gaze to P ->
 M2
 М1
                          ∃ What the fuck is wrong with you ma::n.
 W
                         ‡gaze to P ->
 FIG
                          #F12
                          F12 W1 shifts gaze.
04
            >>holding gaze to M1
                                    \neq \frac{1}{Nothing.}
  Ρ
 M1
      >>holding gaze @P %returns gaze forward ->
 M2
            +gaze to M1 ->
 W
            ‡gaze to M1
                                $begins to adjust purse ->
  FIG
                                #F13
```

F13 W1 adjusts purse.
